## General Price List for Gigapxy 1.x (Q2-3/2017)

This is in effect from **March 10th** till **May August 31st, 2017**. Gigapxy is licensed per server (physical or virtual) based on the number of engines (**gng**) that would run concurrently on the licensed server, with the **minimum of two engines**.

**Basic** plan includes technical support and updates for the first three months of the license.

**Enterprise** plan includes support and updates for the full term of the license.

**Licenses per initial two/additional engine (gng):**

| <b>Expires in</b> | <b>Basic (3 months of support)</b> | <b>Enterprise (full-term support)</b> |
|-------------------|------------------------------------|---------------------------------------|
| 12 months         | <b>EUR 200/110</b>                 | <b>EUR 250/130</b>                    |
| 24 months         | <b>EUR 400/100</b>                 | <b>EUR 490/120</b>                    |

Yours,

*Pavel V. Cherenkov*
